Standards outlined

Attendance and Conduct Standards

The Appomattox County School Board has adopted guidelines for student attendance and student conduct for the 1982-83 school session. Parents and students are requested to become familiar with, and to assist in the implementation of, these guidelines.

Attendance Standards

A. Student attendance will be monitored daily in the schools. On a semester schedule, parents will be notified when a student has missed five days from school and a conference will be scheduled with parents when a student has missed seven days.

B. When a student has missed fifteen days from school (cumulative during the session), the student will be referred to the Social Services Department (seventh and eighth grades) and to the J and D Court (grades nine through twelve). Parents will be notified of the referral.

C. The Social Services and/or J and D Court will schedule an informal conference with the student and parents to develop an attendance contract.

D. If the contract is violated, the principal will inform the School Board Office and a petition will be filed with the J and D Court.

E. Students under seventeen who continue to miss days after referral to J and D Court will be subject to indefinite suspension. Parents will be notified of the action and given an opportunity to appeal the decision to the principal, superintendent and school board.

F. The following procedures will be implemented relative to attendance of students seventeen years of age or older:

1. Regular attendance procedures will be followed through the fifteenth day of absenteeism.

The principal will schedule a conference with student and parents if more than fifteen days are missed.

3. Indefinite suspension for the school year may be recommended by the principal when the student has missed twenty days (cumulative).

4. Parents will have an opportunity to appeal the principal's decision to the superintendent and school board.

Conduct Standards

A. Attend all classes regularly and not be absent unless prevented by sickness or accident or some other cause acceptable to school authorities.

B. Be punctual in going to each class.

C. Respect the rights and property of others.

D. Resolve conflicts peacefully.

E. Be honest and truthful.

F. Use appropriate and acceptable language.

G. Respect the personal and physical safety and welfare of others.

H. Respect other students' rights to learn.

I. Make appropriate use of school property, equipment and personal possessions.

J. Refrain from using alcohol and drugs on school grounds.

K. Function at a level of maturity appropriate for age and grades.

L. Demonstrate acceptable manners.

M Avoid defiance, disrespect and rudeness toward teachers and others.

Local group to play in Kentucky festival

Doyle Lawson and Quicksilver, based in Concord, Va., is one of more than a dozen well-known bluegrass bands scheduled to perform at the tenth annual Kentucky Fried Chicken Bluegrass Music Festival scheduled September 10-12 on Louisville's riverfront.

Sponsored by Kentucky Fried Chicken, the festival is the largest free bluegrass music event in the country. More than 150,000 fans attend each year.

Doyle Lawson and Quicksilver attract fans with the group's impressive blend of lightning-fast picking and rich vocal harmonies. The group moves smoothly from bluegrass standards to contemporary ballads and also performs a number of gospel selections.

Lawson was a long-time member of the well-known Country Gentlemen before leaving to form Quicksilver. He began his professional career with Jimmy Martin in 1963, joining J. D. Crowe in 1966 and the Country Gents in 1971.

Lawson's background in gospel singing and his award winning mandolin playing have greatly helped shape the Quicksilver sound.

Joining Doyle Lawson and Quicksilver in what **Playboy** magazine has called a "three-day all-star lineup" will be Bill Monroe, the "father of bluegrass" and his Blue Grass Boys; The Seldom Scene; The David Grisman Quartet; New Grass Revival; Hot Rize; Country Gazette; Michael, McCreesh and Company; Ralph Stanley and the Clinch Mountain Boys; J. D. Crowe and the New South; DeDannan; the Green Grass Cloggers; and Berline, Crary and Hickman.

On Saturday, KFC will sponsor the third annual "Best New Bluegrass Band" contest, recently called the "premier bluegrass band competition in the United States" by **The Louisville Times.** Six bands, from a field of 48, have been invited to compete for the 1982 title, $2,500 in cash, a trophy, a Nashville recording session and a spot on Sunday's program. Second and third-place bands will receive $1,500 and $500, respectively, and trophies.

Also appearing in the festival will be winners of the previous "best new band" contests, New Horizon 1980 and The Johnsons, 1981.

Another Saturday highlight will be the celebration of Bill Monroe's 71st birthday. Monroe, a Kentucky native, is recognized as the "father" of bluegrass music.

Families who are not now eligible may apply for benefits at any time during the school year if their circumstances change, such as an increase in family size or a decrease in income due to unemployment or other reasons.

In applying for free or reduced price meals, applications must contain the total household income, the names of all household members, the social security numbers of each household member 21 years or older or state that a household member does not have one, and the signatures of an adult household member. Families approved for free or reduced price meals are required to report any decreases in household size and any increases in household income of more than $50 per month. The information provided on the application is confidential and will be used only for the purpose of determining eligibility.

Schools may verify the information on the application at any time during the school year.

In certain cases, foster children are also eligible for these benefits regardless of the income of the family. If a family has foster children living with them and wishes to apply for such meals they must complete an application.

Under the provisions of the policy, each school principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may wish to discuss the decision with the determining official on an informal basis. If he wishes to make a formal appeal, he may make a request orally or in writing to Richard B. Carter, Director of Vocational Education, Appomattox County Schools, P.O. Box 548, Appomattox, Va. 24522, phone number 352-8253, for a hearing to appeal the decision.

The policy contains an outline of the hearing procedure.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or handicap.

Each school and the office of the Division Superintendent has a copy of the complete policy which may be reviewed by any interested party.

A SECOND MORTGAGE.
Home improvement without wrecking your budget.

This is the time of year when a lot of us start thinking about adding on a room or two to the old place. Or completely redecorating. Problem is that it costs a lot of money. And while you can afford to pay for it over the long haul, you just don't have that much money at one time.

There's an easy solution: a Central Fidelity Second Mortgage. With the equity you've been building up in your home you can borrow money for home fix-up, or any good reason. And you can take as much as ten years to repay.
Talk to a Central Fidelity Loan Officer about your money needs. And improve your home without wrecking your budget.

In letter to parents

Walton outlines coming session

Dear Parents:

After a very busy summer I am sure that students and parents are ready for another school session which will begin Monday, August 30. Each of us is fully aware of the importance of education in the life of an individual, and we want the best educational opportunities possible for our children.

Improving educational opportunities is a continuous process. Regardless of objectives achieved in the past, a school system must continue to seek ways to meet the needs of youth more efficiently and effectively. Plans for 1982-83 provide direction for continued progress.

The school system will continue to emphasize regular attendance and acceptable conduct. Parents want their children to attend school regularly and to demonstrate acceptable standards of conduct. School officials will work closely with parents in either area when problems develop and every effort will be made to resolve problems as quickly as possible. The school system will not allow unacceptable behavior of a small percentage of students to interfere with the educational opportunities of the majority of students.

The primary responsibility of the school system is to provide quality instruction and learning experiences for its students. During the coming session specific plans will be implemented to assure that students with weaknesses in the basic learning skills are instructed to acquire mastery of these skills and that middle and senior high school students who continue to demonstrate weaknesses in minimum competency skills receive maximum instruction and learning experiences to overcome these weaknesses.

To provide additional opportunities for college bound students, the school system anticipates offering a course in English Composition for seniors. This course will meet on Monday evening of each week from 7:00 to 9:45 p.m., beginning September 20. This class will be offered in addition to the regular courses taken by seniors at Appomattox County High School. A student who completes the three quarter program will earn nine quarter credit hours from Central Virginia Community College. The tuition per quarter will be $46.50. At this time, the school board is considering paying at least 50% of the tuition for each student who enrolls.

In addition to plans to provide quality instruction for students in all areas, progress continues with regard to improvement of school facilities. Renovation of the Appomattox Middle School will soon be completed and the auditorium at Appomattox Middle School should be completed by November 1. When the renovation activities are completed, this will be a very fine facility to serve our middle school students for many, many years.

New boilers will be installed at Appomattox Primary and Appomattox Elementary Schools prior to the beginning of the heating season. Bids will be received on August 31 for the complete renovation of both of these schools. The renovation activities will create some inconvenience at these schools during the coming school session. However, the improvements will contribute greatly to the comfort of students and the operation efficiency will be increased greatly. We ask for your cooperation and assistance during this process.

The continued progress of the Appomatox County School System depends upon the involvement of parents and the competencies of those who lead the institution and provide instruction for students. Your involvement in the past has been very helpful. We shall continue to involve citizens in many advisory committees and special activities. You are encouraged to participate actively in the P.T.A., to visit the shcools your children attend and to work closely with the school principal and your child's teachers. Mutually working together we can provide for the needs of our youth.

We look forward to an excellent year in education in this county. We are excited about the opportunity wo work with you and our students.

Sincerely yours,
Lloyd G. Walton
